Madame

Enrôlé par moi
la Comtesse de Bollen,
je prends la liberté
de vous envoyer cet
extrait d'une lettre
de ma chère et y-
certaine amie Mme
de Balleben.

Mme la Comtesse Minde
que je rencontrai par
accident chez la
Comtesse Bollen m'a
dit que vous cherchiez

une institutrice
Anglaise. Je n'ai pas
l'avantage de con-
naître Miss Bayley
la dame pour laquelle
vous de Bredleben
s'interesse - mais
je suis persuadée
que sa recommanda-
tion vaudra bien la
mienne.

J'étais dans ce
moment à l'usage
de B - et je serais

charmée de pouvoir
lui donner des
meilleures espérances de
placer sa protégée
dans une famille
pour laquelle je
connois bien son
respect et son at-
tachement.

Je vous prie, selon
la coutume, d'agréer
l'assurance de toute
ma considération

Tuesday morning

M^{re} Austin presents
his compliments to
his Excellency Baron
Beilow & if it is
not asking too great
a favour, would be
very grateful for
his Excellency's advice
& assistance as to
a passport for
Carlsbad.

Dear Mrs von Hauner,

I wish to procure
the advantage of your
acquaintance for Mr
Edw. Alfred Shaw who
is going to Leipzig &
thence to Berlin. I wish
also to procure for you
the pleasure of knowing
a lady who will delight
you both by her singing,
& by her agreeable conver-
sation & manners, &

by that true & high senti-
ment of Art which
are unhappily to be
among our so-called
artists, & which you
I regard with so much
veneration.

You, our great historians
must excuse my wishes
to sing to you some of
our national ballads
& some of the ^{popular} favorite
songs which were like
the trumpets of the rebellion.

I have no time
now for a word about
myself, except that
we are well & that
I am always yours,
with the greatest respect
& regard
S. Austin.

May do not transfer
my compliments to Mrs
Murray - as soon he
has made his peace.
Our united compliments
& regards to you &
Mme de Raumer.

I have just received this
note & had, as you see begun
to tear it. But I send it
down, that you may see
Dr. Somerville's wishes under
his own hand. If you will
come & go with us we shall
be extremely glad. I forget if you
know Mr. S. He is decidedly one
of the mechanical of England
for goodness & amiability as
well for science.

Yours very truly
S. C.
