

The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of California.

The total area of land owned by the United States in California is approximately 100 million acres. This land is divided into several categories, including National Forests, National Monuments, and other public lands.

The following table shows the distribution of land ownership in California:

Category	Area (Acres)
National Forests	60,000,000
National Monuments	20,000,000
Other Public Lands	20,000,000

This information was obtained from the records of the Department of the Interior, Bureau of Land Management, dated January 1, 1980.
