The first part of the book is devoted to a general history of the country, and to a description of its natural resources. The second part contains a detailed account of the various tribes and nations which inhabit the country, and of their customs and manners. The third part is a history of the discovery and settlement of the country, and of the progress of its civilization. The fourth part is a history of the various wars and conflicts which have taken place in the country, and of the result of these wars. The fifth part is a history of the various revolutions and changes of government which have taken place in the country, and of the result of these revolutions. The sixth part is a history of the various religious and philosophical systems which have been introduced into the country, and of the result of these systems. The seventh part is a history of the various scientific and literary pursuits which have been carried on in the country, and of the result of these pursuits. The eighth part is a history of the various arts and manufactures which have been introduced into the country, and of the result of these arts and manufactures. The ninth part is a history of the various improvements and reforms which have been introduced into the country, and of the result of these improvements and reforms. The tenth part is a history of the various events and occurrences which have taken place in the country, and of the result of these events and occurrences.
