Do-It-Yourself... By The Yard!

No experience needed! All you do need to upholster your own outdoor furniture, chests, toy boxes, bar and bar stools... is Colovin vinyl, scissors and tape measure. The wonder fabric folds, tucks, shapes smoothly and fits snugly.

For your bar and stools you can use the same or contrasting colors. Fold the fabric smoothly around bar edges and tack. Covers for stools can be sewed by hand or machine, and fitted.

If junior's toy chest needs a covering that's durable and easy to clean—choose a bright Colovin pattern for "growing-up" rooms. The vinyl can be tacked or tufted... will shape neatly around corners and wear as well as it looks.

Doors, mattresses for outdoor furniture, hassocks, and screens can all be upholstered in the same way... and leftover vinyl can be cut and shaped into attractive placemats for the dinner table...
