Buy Bonds where you work.

He does.

This American has a couple of interesting jobs: he comforts lonely, frightened kids and he fights the enemies of freedom. He has also volunteered for another task. He helps his country pay the price that freedom costs by investing every month in U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 in only seven years . . . are replaced free if lost, destroyed or stolen . . . have special tax advantages . . . can be redeemed whenever the need arises.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.
