Cum Excellentissimi DD. Plenipotentiarij Ottomanici fulgidam Portham ingressi de quadam Tartarorum in Poloniae limites invasione (quamvis ante notificationem Pacis instituta) rumorem accepissent, protinus adhibitâ ad malum hoc inhibendum sedulitate, per suas litteras mihi nuncium participârunt. has autem pro vt modo facio, Excellentiae Vestrae transmittere haud abs re fore duxi, illud animo revolvens, metaliter tam Excellentiae Vestrae quam DD. Ottomanicorum Plenipotentiariorum satisfactioni correspondurum. Dabitur Excellentiae Vestrae occasio inspiciendi, quanto Religionis ardore altè memorati Domini Pacis nuper conclusæ integritatem sibi tuendam assumpserint. ad hoc autem Officiu me lubens devenio, cum inde commoda mihi ansa suppeditetur, vt Excellentiae Vestrae Obsequia mea deferre, eandemque, de candidi cordis non elangvescente affectu certiolem facere possim. Id velim sibi persvasum habeat Excellentia Vestra, me prout in Carloviensi Congressu sincera sibi devotione addictum cognovit, sic etiam vbicunque, eodem tenore firmissimè permansum. Tales enim enitent in persona Excellentiae Vestrae animi dotes, vt semel illis adstrictus in perpetuum me profiteri velim & optem.

*Excellentiae Vestrae*
